10XTECHCLUB™
BE BRILLIANT, BE LIMITLESS

A Categorized List of National and International Competitions for Students

157 competitions across 11 categories

What Is 10xTechClub?

10xTechClub is a hands-on STEM learning and technology education centre in Pune, India, empowering students to explore emerging technologies, build real-world projects, and develop future-ready skills. Through experiential, project-based learning, students explore Robotics, Artificial Intelligence (AI), Coding, Electronics, Python, 3D Printing, IoT, SpaceTech, and other exciting fields of innovation.

At 10xTechClub, learning goes beyond textbooks. You are encouraged to experiment, solve problems, collaborate, design prototypes, participate in hackathons, and turn your ideas into working projects. With structured learning pathways, mentor guidance, and opportunities to apply your knowledge, you develop critical thinking, creativity, teamwork, and an innovation-driven mindset.

We believe that every curious learner deserves opportunities to explore their potential beyond the classroom. That is why Beyond Academics: The Ultimate STEM Competition Handbook brings together a curated guide to STEM, robotics, science, AI, coding, engineering, space, and innovation competitions in India and around the world. Designed for curious students aged 6–19 and above, this resource helps you discover exciting opportunities, understand competition pathways, and explore ways to turn your curiosity and practical skills into meaningful learning experiences.

Whether you are taking your first steps into robotics or aspiring to participate in national and international innovation challenges, this handbook is your starting point for exploring what is possible beyond academics.

For more details and the latest updates, visit the webpage of this handbook: www.10xtechclub.com

Robotics & Engineering	32 competitions
Science & Research	11 competitions
Mathematics & Olympiads	14 competitions
Coding & Computational Thinking	14 competitions
Artificial Intelligence	11 competitions
Innovation & Design	9 competitions
Entrepreneurship	8 competitions
Space & Astronomy	16 competitions
Drones & Autonomous Systems	9 competitions
Game Development & Interactive Technology	18 competitions
National & Academic Competitions	15 competitions

Please note: Competition details change every year. Entries marked with an asterisk (*) have a status or edition that should be confirmed before you rely on them. Difficulty stars are editorial estimates, not official ratings. Before registering, check dates, eligibility, and fees on the official website. FIRST and World Robot Olympiad entries were checked against official sources on 17 October 2026; the FIRST LEGO League season listed for 2026–27 is announced as the programme's final season.

Robotics & Engineering

32 competitions

Competition	Category	Level	Grades / Age	Format	Difficulty	Best For	Official Website
FIRST LEGO League Explore	Robotics	International	6–10 Years	Team	★	Young beginners exploring STEM	firstinspires.org (final season 2026–27)
FIRST LEGO League Challenge	Robotics	International	9–16 Years	Team	★★	Robotics, teamwork & innovation	firstinspires.org (final season 2026–27)
World Robot Olympiad (WRO)	Robotics	National → International	8–19 Years	Team	★★★	Robotics & autonomous programming	wro-association.org
Robotex India	Robotics	National → International	7–18 Years	Team	★★★	Robotics & innovation pathway	robotex-india.in
Robotex International	Robotics	International	Varies	Team	★★★★	Global robotics competition	robotex.international (2026 edition in South Korea; confirm URL)
FIRST Tech Challenge (FTC)	Robotics	International	12–18 Years	Team	★★★★	Engineering & advanced robotics	firstinspires.org
FIRST Robotics Competition (FRC)	Robotics	International	14–18 Years	Team	★★★★★	Industrial-scale robotics	firstinspires.org
FIRST Global Challenge	Robotics	International	14–18 Years	National Team	★★★★★	Representing your country	first.global (2026 edition held in Incheon, 7–10 Oct 2026; confirm next edition)
MakeX Robotics Competition	Robotics	International	6–18 Years	Team	★★★	Robotics, AI & innovation	makex.cc
VEX IQ	Robotics	International	Elementary & Middle School	Team	★★	Beginner robotics pathway	vexrobotics.com
VEX V5 Robotics Competition	Robotics	International	Middle & High School	Team	★★★★	Advanced engineering	vexrobotics.com
VEX U	Robotics	International	University	Team	★★★★★	University robotics	roboticseducation.org
RoboCup Junior	Robotics & AI	International	10–19 Years	Team	★★★★	Autonomous robotics & AI	junior.robocup.org
Technoxian World Robotics Championship	Robotics	International	School–University	Individual / Team	★★★★	Multi-domain robotics	technoxian.com
BEST Robotics	Robotics	International (US-based)	High School	Team	★★★	Engineering design	bestinc.org
Botball	Robotics & AI	International	Middle & High School	Team	★★★★	Autonomous robotics programming	kipr.org/botball
Junior Botball	Robotics	International	Elementary & Middle School	Team	★★	Introductory autonomous robotics	kipr.org
Robofest	Robotics	International	K–12	Individual / Team	★★★	Creative robotics challenges	robofest.net
International Robot Olympiad (IRO)	Robotics	International	Under 8–University	Individual / Team	★★★	Robotics & engineering	iroc.org
National Robotics Challenge	Robotics	International (US-based)	School–College	Individual / Team	★★★	Practical robotics engineering	nationalroboticschallenge.org

Competition	Category	Level	Grades / Age	Format	Difficulty	Best For	Official Website
FIRA RoboWorld Cup	Robotics	International	School–University	Team	★★★★	AI & autonomous robotics	firaworldcup.org
EARLY Robotics Competition	Robotics	International	Elementary	Team	★	Early robotics learning	earlyrobotics.org
GEAR Robotics Competition	Robotics	International	School	Team	★★	Engineering fundamentals	gearrobotics.org
RoboGames	Robotics	International	Open	Individual / Team	★★★★	Open robotics competition	robogames.net
RoboExpo Competition	Robotics	International	School–University	Individual / Team	★★★	Robotics exhibition & contests	robo-expo.org
Combat Robotics Events	Robotics	International	Open	Individual / Team	★★★★	Combat robotics	robotcombatevents.com
MATE ROV Competition	Marine Robotics	International	Middle School–University	Team	★★★★	Underwater robotics	marinetech.org
International Autonomous Underwater Vehicle Competition	Marine Robotics	International	University	Team	★★★★★	Autonomous underwater vehicles	robonation.org
Sea, Air and Land Challenge	Robotics & Engineering	International	High School	Team	★★★	Multi-domain engineering	seaairland.psu.edu
Moon to Mars Ice & Prospecting Challenge*	Robotics / Space	International	High School–University	Team	★★★★	Space robotics concepts	nasa.gov (RASC-AL) – check current edition
Western Canadian Robot Games	Robotics	International	School	Team	★★★	Robotics competitions	robotgames.com
Robotics for Good Youth Challenge (RFGYC)	Robotics	National → International	Junior & Senior	Team	★★★★	Robotics for public health & social good	ihfc.co.in

Science & Research

11 competitions

Competition	Category	Level	Grades / Age	Format	Difficulty	Best For	Official Website
IRIS National Fair	Science & Research	National → International	Grades 8–12	Individual / Team	★★★★	Scientific research projects	https://www.irisnationalfair.org
Regeneron International Science and Engineering Fair (ISEF)	Science & Research	International	Grades 9–12	Individual / Team	★★★★★	Advanced scientific research	https://www.societyforscience.org/isef
Genius Olympiad	Science & Environment	International	High School	Individual	★★★★	Environmental science & sustainability	https://geniusolympiad.org
Stockholm Junior Water Prize	Environmental Science	International	15–20 Years	Individual / Team	★★★★	Water research & sustainability	https://www.siwi.org
International Conference of Young Scientists (ICYS)	Science & Research	International	High School	Individual	★★★★	Original scientific research	https://www.icys.info
London International Youth Science Forum (LIYSF)	Science	International	16–21 Years	Individual	★★★★	Exposure to global science & research	https://www.liysf.org.uk
National Children's Science Congress (NCSC)	Science	National	10–17 Years	Individual / Team	★★★	Grassroots scientific research	https://www.ncsc.co.in
INSPIRE MANAK Awards	Science & Innovation	National	Grades 6–10	Individual	★★	Innovation & scientific thinking	https://www.inspireawards-dst.gov.in
Junior Science & Humanities Symposium (JSHS)	Science	International (US-based)	High School	Individual	★★★★	STEM research presentations	https://www.jshs.org
Thermo Fisher Scientific Junior Innovators Challenge	Science	International (US-based)	Middle School	Individual	★★★★	Research & innovation	https://www.societyforscience.org
Earth Science Olympiad (National Selection)	Earth Science	National → International	High School	Individual	★★★★	Earth sciences	https://www.geosocindia.org

Mathematics & Olympiads

14 competitions

Competition	Category	Level	Grades / Age	Format	Difficulty	Best For	Official Website
International Mathematical Olympiad (IMO)	Mathematics	International	High School	Individual	★★★★★	Advanced mathematics	https://www.imo-official.org
Indian Olympiad Qualifier in Mathematics (IOQM)	Mathematics	National	Grades 8–12	Individual	★★★★	National Olympiad pathway	https://www.mtai.org.in
Indian National Mathematical Olympiad (INMO)	Mathematics	National	High School	Individual	★★★★★	Advanced problem solving	https://www.mtai.org.in
International Mathematics Competition (IMC)	Mathematics	International	High School–University	Individual	★★★★	Higher mathematics	https://www.imc-math.org.uk
American Mathematics Competitions (AMC 8/10/12)	Mathematics	International	Grades 6–12	Individual	★★★★	Mathematical reasoning	https://maa.org
American Invitational Mathematics Examination (AIME)	Mathematics	International	High School	Individual	★★★★★	Olympiad preparation	https://maa.org
Kangaroo Math Competition	Mathematics	International	Grades 1–12	Individual	★★	Logical thinking	https://www.mathkangaroo.org
SASMO (Singapore & Asian Schools Math Olympiad)	Mathematics	International	Grades 2–12	Individual	★★★	Competitive mathematics	https://sasmo.sg
SEAMO (Southeast Asian Mathematical Olympiad)	Mathematics	International	Grades 1–12	Individual	★★★	Problem solving	https://seamo-official.org
HKIMO (Hong Kong International Mathematical Olympiad)	Mathematics	International	Primary–High School	Individual	★★★	International mathematics	https://hkimo.org
World Mathematics Invitational (WMI)	Mathematics	International	School	Individual	★★★★	International mathematics challenge	https://wminv.org
International Youth Math Challenge (IYMC)	Mathematics	International	Students under 18	Individual	★★★	Open mathematics competition	https://iymc.info
Caribou Mathematics Competition	Mathematics	International	Grades 3–12	Individual	★★	Mathematical thinking	https://www.cariboutests.com
Purple Comet! Math Meet	Mathematics	International	Middle & High School	Team	★★★	Collaborative problem solving	https://purplecomet.org

Coding & Computational Thinking

14 competitions

Competition	Category	Level	Grades / Age	Format	Difficulty	Best For	Official Website
Codeavour International	Coding & Innovation	International	7–18 Years	Team	★★	Beginners, AI & innovation projects	https://codeavour.org
International Collegiate Programming Contest (ICPC)	Competitive Programming	International	University	Team	★★★★★	Advanced algorithms & programming	https://icpc.global
TCS CodeVita	Competitive Programming	International	College	Individual	★★★★	Programming & problem solving	https://www.tcscodevita.com
Meta Hacker Cup	Competitive Programming	International	Open	Individual	★★★★★	Advanced competitive programming	https://www.metahackercup.com
USACO (USA Computing Olympiad)	Competitive Programming	International	School	Individual	★★★★	Algorithms & Olympiad preparation	https://usaco.org
International Olympiad in Informatics (IOI)	Informatics	International	School	Individual	★★★★★	Elite programming pathway	https://ioinformatics.org
Indian Olympiad in Informatics (IOI Pathway)	Informatics	National → International	School	Individual	★★★★★	National selection for IOI	https://www.iarcs.org.in
Bebras Challenge	Computational Thinking	International	Grades 3–12	Individual	★	Computational thinking	https://www.bebras.org
ACSL (American Computer Science League)	Computer Science	International	School	Individual / Team	★★★	Programming fundamentals	https://www.acsl.org
HackerRank Coding Contests	Programming	International	School–College	Individual	★★★	Coding practice & competitions	https://www.hackerrank.com
CodeChef Starters & Contests	Competitive Programming	International	School–College	Individual	★★★	Competitive programming	https://www.codechef.com
LeetCode Contests	Competitive Programming	International	School–Professional	Individual	★★★★	Interview-level programming	https://leetcode.com
AtCoder Contests	Competitive Programming	International	Open	Individual	★★★★	Algorithmic programming	https://atcoder.jp
Codeforces Rounds	Competitive Programming	International	Open	Individual	★★★★★	Advanced algorithms	https://codeforces.com

Artificial Intelligence

11 competitions

Competition	Category	Level	Grades / Age	Format	Difficulty	Best For	Official Website
International Olympiad in Artificial Intelligence (IOAI)	Artificial Intelligence	International	High School	Individual	★★★★★	Advanced AI & machine learning	https://ioai-official.org
WAICY (World Artificial Intelligence Competition for Youth)	Artificial Intelligence	International	School Students	Individual / Team	★★★	AI innovation & creativity	https://www.waicy.org
Codeavour AI Innovation Challenge	AI & Innovation	International	7–18 Years	Team	★★	AI beginners & innovation	https://codeavour.org
Technovation Girls	AI & Technology	International	8–18 Years	Team	★★★	AI-powered social impact apps	https://technovationchallenge.org
Microsoft Imagine Cup	AI & Innovation	International	University	Team	★★★★★	AI product development	https://imaginecup.microsoft.com
Google Solution Challenge	AI & Software	International	University	Team	★★★★	AI for Sustainable Development Goals	https://developers.google.com/community/gdsc-solution-challenge
Kaggle Competitions	AI & Data Science	International	Open	Individual / Team	★★★★★	Machine learning & data science	https://www.kaggle.com/competitions
AI for Good Innovation Competitions	Artificial Intelligence	International	School–University	Individual / Team	★★★★	Ethical AI & social impact	https://aiforgood.itu.int
NVIDIA Student AI Competitions*	Artificial Intelligence	International	School–University	Individual / Team	★★★★	Deep learning & computer vision	developer.nvidia.com/student-network
Intel AI Global Impact Festival*	Artificial Intelligence	International	School–University	Individual / Team	★★★	AI innovation & real-world impact	aiglobalimpactfestival.org
Indian National AI Olympiad (INAIO)	Artificial Intelligence	National → International	School Students (up to Class 12)	Individual	★★★★	India's national pathway into IOAI	india.acm.org/education/inaio

Innovation & Design

9 competitions

Competition	Category	Level	Grades / Age	Format	Difficulty	Best For	Official Website
Conrad Challenge	Innovation	International	13–18 Years	Team	★★★★	Innovation, product design & entrepreneurship	https://conrad.spacecenter.org
Samsung Solve for Tomorrow	Innovation	National / International*	School Students	Team	★★★	Social innovation & technology	https://www.samsung.com/solvefortomorrow
James Dyson Award	Product Design	International	University & Recent Graduates	Individual / Team	★★★★	Engineering & product innovation	https://www.jamesdysonaward.org
Red Bull Basement	Innovation	International	University	Individual / Team	★★★★	Technology-driven innovation	https://www.redbull.com/basement
iGEM (International Genetically Engineered Machine Competition)	Synthetic Biology & Innovation	International	High School / University	Team	★★★★★	Biotechnology & synthetic biology innovation	https://igem.org
Earth Prize	Sustainability & Innovation	International	13–19 Years	Team	★★★	Climate innovation	https://earthprize.org
Young Inventors Prize*	Innovation	International	Students / Young Innovators	Individual / Team	★★★	Inventive thinking & problem solving	https://www.epo.org
Global Innovation Challenge (Various Editions)	Innovation	International	School–University	Individual / Team	★★★	Creative problem solving	Official organiser website
Design For Change India – I CAN School Challenge	Design Thinking & Social Innovation	National → International	School Students	Team	★★	Real-world problem solving through design thinking	designforchangeindia.com

Entrepreneurship

8 competitions

Competition	Category	Level	Grades / Age	Format	Difficulty	Best For	Official Website
Diamond Challenge	Entrepreneurship	International	High School	Team	★★★★	Startup creation & business strategy	https://diamondchallenge.org
Blue Ocean Student Entrepreneur Competition	Entrepreneurship	International	High School	Individual / Team	★★★★	Startup ideas & entrepreneurship	https://blueoceancompetition.org
Hult Prize	Social Entrepreneurship	International	University	Team	★★★★★	Social innovation & entrepreneurship	https://www.hultprize.org
Young Tycoons Business Challenge	Entrepreneurship	International	School Students	Team	★★★	Business planning & pitching	https://youngtycoons.com
NFTE World Series of Innovation	Entrepreneurship	International	13–24 Years	Individual / Team	★★★	Innovation & entrepreneurial thinking	https://innovation.nfte.com
TiE Young Entrepreneurs (TYE)	Entrepreneurship	International	High School	Team	★★★★	Startup ecosystem & mentoring	https://tie.org/programs/tie-young-entrepreneurs
Wadhwani Ignite	Entrepreneurship	National	School & College	Individual / Team	★★★	Entrepreneurial mindset & venture creation	https://wadhwanifoundation.org
Junior Achievement Company Program	Entrepreneurship	International	High School	Team	★★★	Business creation & financial literacy	https://ja.org

Space & Astronomy

16 competitions

Competition	Category	Level	Grades / Age	Format	Difficulty	Best For	Official Website
ISRO Young Scientist Programme (YUVIKA)	Space Education	National	Class 9	Individual	★★	Introduction to space science	https://jigyasa.iirs.gov.in/yuvika
IN-SPACe CanSat India Competition	Space Engineering	National	School & College	Team	★★★★	Satellite systems & aerospace engineering	https://www.inspace.gov.in
IN-SPACe Model Rocketry Challenge	Aerospace	National	School & College	Team	★★★	Rocket design & propulsion	https://www.inspace.gov.in
ISRO Robotics Challenge (IRoC-U)	Robotics & Space	National	College	Team	★★★★★	Space robotics & autonomous systems	https://www.isro.gov.in
NASA Human Exploration Rover Challenge	Space Engineering	International	High School & University	Team	★★★★★	Rover design & engineering	https://www.nasa.gov
NASA App Development Challenge	Space Software	International	School	Team	★★★	Space app development	https://www.nasa.gov
NASA Space Apps Challenge	Space Innovation	International	Open	Team	★★★	Open innovation using NASA data	https://www.spaceappschallenge.org
NASA Student Launch	Aerospace	International	High School & University	Team	★★★★★	Rocket engineering	https://www.nasa.gov
NASA Lunabotics Challenge	Space Robotics	International	University	Team	★★★★★	Lunar robotics & excavation	https://www.nasa.gov
International Astronomy & Astrophysics Competition (IAAC)	Astronomy	International	School	Individual	★★★	Astronomy & astrophysics	https://iaac.space
International Olympiad on Astronomy & Astrophysics (IOAA)	Astronomy	International	High School	Individual	★★★★★	Elite astronomy pathway	https://ioaastrophysics.org
CanSat Competition (Various International Editions)	Aerospace	International	School & University	Team	★★★★	Satellite design & systems engineering	https://cansatcompetition.com
Space Settlement Design Competition	Aerospace Engineering	International	High School	Team	★★★★	Space habitats & engineering design	https://spacesettlementcontest.org
European CanSat Competition (ESA)	Space Engineering	International	High School	Team	★★★★	Satellite mission design	https://www.esa.int
NASA TechRise Student Challenge	Space Engineering	International	Middle & High School	Team	★★★	Flight experiments	https://www.nasa.gov
Genes in Space	Space Biology	International	Grades 7–12	Individual / Team	★★★	Space biology research	https://www.genesinspace.org

Drones & Autonomous Systems

9 competitions

Competition	Category	Level	Grades / Age	Format	Difficulty	Best For	Official Website
Drone Olympiad (India)	Drone Technology	National	School & College	Individual / Team	★★★	Drone piloting & innovation	Official organiser website
SAE Aero Design	Aerospace & UAV	International	University	Team	★★★★★	Aircraft & UAV engineering	https://www.saeaerodesign.com
AUVSI SUAS	Autonomous Systems	International	University	Team	★★★★★	AI, vision & autonomous drones	https://www.auvsi.org
IARC Mission Challenges	Autonomous Robotics	International	University	Team	★★★★★	Advanced autonomous flight	https://www.aerialroboticscompetition.org
FAI World Drone Racing Championship	Drone Racing	International	Open	Individual	★★★★	Competitive drone racing	https://www.fai.org
MultiGP Drone Racing	Drone Racing	International	Open	Individual	★★★	FPV drone racing	https://www.multigp.com
WorldSkills – Drone Technology	Drone Technology	International	Youth	Individual / Team	★★★★	Professional drone skills	https://worldskills.org
Drone Federation of India Challenges*	Drone Innovation	National	School–College	Individual / Team	★★★	Drone innovation & applications	https://www.dronefed.org
SAEINDIA AeroTHON	UAV / Aerospace Engineering	National	University	Team	★★★★	Uncrewed aircraft system design, build & fly	saeindia.org/aerothon2026

Game Development & Interactive Technology

18 competitions

Competition	Category	Level	Grades / Age	Format	Difficulty	Best For	Official Website
Global Game Jam	Game Development	International	16+ / University / Open	Team	★★★	Collaborative game development	globalgamejam.org
Brackeys Game Jam	Game Development	International	Open	Individual / Team	★	Unity game development	itch.io
Ludum Dare	Game Development	International	Open	Individual / Team	★★★	Rapid game development	ldjam.com
GMTK Game Jam (Game Maker's Toolkit)	Game Development	International	Open	Individual / Team	★★★	Game mechanics & design	itch.io
Epic MegaJam	Game Development	International	Open	Team	★★★★★	Unreal Engine game development	unrealengine.com
Godot Wild Jam	Game Development	International	Open	Individual / Team	★★★	Godot game development	itch.io
Buildbox Game Jam	Game Development	International	Open	Individual	★	No-code game development	buildbox.com
Pirate Software Game Jam	Game Development	International	Open	Individual / Team	★★★	Indie game development	itch.io
Games for Change Student Challenge	Serious Games	International	Middle & High School	Team	★★★	Educational & social impact games	gamesforchange.org
Roblox Student Challenges	Game Development	International	Students	Individual / Team	★	Roblox game creation	create.roblox.com
Minecraft Education Build Challenge	Game Development	International	School Students	Individual / Team	★	Creative world building	education.minecraft.net
Unity Student Challenges	Game Development	International	Students	Individual / Team	★★	Unity development & C#	unity.com
Unreal Engine Student Challenges	Game Development	International	Students	Individual / Team	★★★★	Unreal Engine & 3D development	unrealengine.com
Ubisoft Game Lab Competition	Game Development	International	University	Team	★★★★★	AAA game design	gamelabcompetition.com
IGDA Student Game Showcase	Game Development	International	University	Individual / Team	★★★★	Student game portfolio	igda.org
IndieCade Student Competition	Game Development	International	High School & University	Individual / Team	★★★	Independent game development	indiecade.com
DreamHack Game Development Competitions*	Game Development	International	Open	Individual / Team	★★★	Game creation & esports innovation	dreamhack.com
Student Game Showcase (IGF)*	Game Development	International	University	Individual / Team	★★★★	Independent game development	igf.com

National & Academic Competitions

15 competitions

Competition	Category	Level	Grades / Age	Format	Difficulty	Best For	Official Website
Smart India Hackathon (SIH)	Innovation & Hackathon	National	College	Team	★★★★	Software & hardware innovation	sih.gov.in
Toycathon	Innovation	National	School & College	Team	★★★	Toy design & gamification	aicte-india.org
Kavach Hackathon	Cybersecurity	National	College	Team	★★★★★	Cybersecurity & digital defence	innovationcell.gov.in
Smart India Internal Hackathon	Innovation	National	College	Team	★★★	Product development	innovationcell.gov.in
Atal Tinkering Marathon	Innovation	National	School	Team	★★★	Student innovation	aim.gov.in
Startup India School Innovation Programme (SISIP)	Entrepreneurship	National	School	Individual / Team	★★	Startup ecosystem	startupindia.gov.in
Youth Ideathon	Entrepreneurship	National	School	Individual / Team	★★★	Business ideas & innovation	youthideathon.in
AICTE Vishwakarma Awards	Engineering	National	College	Team	★★★★	Engineering solutions	aicte-india.org
AICTE IDE Bootcamp Challenges	Innovation	National	College	Team	★★★	Product innovation	aicte-india.org
YUVIKA (Young Scientist Programme)	Space	National	Class 9	Individual	★★	Space education	jigyasa.iirs.gov.in
Bharatiya Antariksh Hackathon	Space Technology	National	College	Team	★★★★	Space innovation	isro.gov.in
World Scholar's Cup	Academic Enrichment	International	School Students	Team	★★★	Academic debate & multi-subject learning	scholarscup.org
MU20 School of Opportunity	Model UN	National	High School	Individual / Team	★★★	Model UN & leadership	mu20.co
Model United Nations (UN Official Programme)	Diplomacy	International	School & University	Individual / Team	★★	Global affairs & diplomacy	un.org/en/mun
Techfest, IIT Bombay (Mumbai Zonals)	Robotics, AI & Innovation	National → International	School (Olympiad) & University	Team	★★★★★	Robotics, hackathons & multi-disciplinary tech	techfest.org

Your Journey Beyond Competitions Starts Here

Every great innovator starts with curiosity, but turning that curiosity into something real takes the right skills, guidance, and opportunities to experiment.

At 10xTechClub, you can take your passion for technology further through hands-on learning programs in Robotics, Artificial Intelligence (AI), Coding, Python, Electronics, IoT, Embedded Systems, 3D Design & Printing, SpaceTech, and more. Through project-based learning, mentor guidance, and opportunities to build real-world solutions, you can move beyond learning concepts to creating innovations of your own.

Whether you're just beginning to explore technology or ready to take on more advanced challenges, there's a learning pathway to help you grow, build, and innovate.

Don't just participate in the future. Build it.

Explore 10xTechClub's programs and take your next step towards becoming a creator, problem-solver, and innovator.
